

***TRIMAN INDUSTRIES,  
INC.  
QUALITY POLICY (9/17)***

---

*Triman strives to be a leading provider of military land, sea, and air products to the defense industry....*

*Triman's "Quality Policy" is defined and driven by the following management goals, objectives and principles:*

- Build a mutually beneficial relationship with our customers and suppliers, ensuring their long-term success through the understanding of their needs and requirements*
  - Achieve our commitments for quality, cost, delivery, performance and satisfaction*
- Enhance the systematic research and use of best preventive practices at all levels and ensure reliable risk management*
  - Drive continual improvement and innovation based upon efficient processes, well-defined measurements, best business practices, and customer feedback*
- Develop staff competencies, ethical conduct, creativity, empowerment and accountability through appropriate development programs and strong management involvement and commitment*

*Through the use of these guiding principles, everyone in Triman is accountable for satisfying our customers and suppliers by meeting or exceeding their needs and expectations with a "best-in-class" service philosophy*
